LAW NOTICE.
IN THE SUPREME COURT OF HONGKONG.
(Before the Full Court.)
CRIMINAL JURISDICTION.—Tuesday, 8th Nov., 11 a.m.—In the matter of Young Akam and 12 others, confined in Victoria Gaol.

INTRODUCTION OF THE TELEPHONE INTO HONGKONG.
We have been requested to publish the following correspondence on the subject of the introduction of Telephones into this Colony, and the several rights involved, or supposed to be involved, by such action. The correspondence, which will explain it-selv, is as follows:—

The G. N. Telegraph Company, Station Hongkong, Oct. 28, R. G. Alford, Esq., &c., &c.

Sir.—Having been brought to my knowledge on good authority that you offer Bell's Telephone for sale, I beg to inform you that all privileges in the nature of letters patent or concessions for the use of Telephones that Mr. Alexander Graham Bell has acquired, or is entitled to acquire, in Hongkong are transferred to the Oriental Telephone Company Limited, now amalgamated with the Great Northern Telegraph Company as far as Telephones lines in Hongkong and China are concerned, and that you will make yourself liable to legal prosecution by offering the instruments for sale.

I remain, Your faithfully,
(Signed) A. SUZON,
Superintendent.

Queen's Road, Hongkong,
October 28.

The Hon. Colonial Secretary.

A Sir, I have the honour to enclose for your perusal copy of a letter received by me this day from Mr. A. Suason, Superintendent of the Great Northern Telegraph Company, and respectfully to enquire if the Letters Patent to which he refers have been issued in this Colony and filed and registered in your office according to the requirements of Ordinance No. 14 of 1862.

Awaiting an early reply,

I have the honour to be, Sir,
Your most obedient servant,
(Signed) R. G. ALFORD,
Surveyor, &c.

(No. 2018) Colonial Secretary's office, Hongkong, Nov. 7.

R. G. Alford, Esq., &c., &c.

Sir.—I have the honour, by direction of His Excellency the Governor, to inform you, in reply to your letter of the 28th ultimo, that no Letters Patent have been issued in the Colony in reference to Bell's Telephone.

I have the honour to be, Sir,
Your most obedient servant,
(Signed) M. S. TOXNOCHY,
Acting Colonial Secretary.

Canton. Nov. 5th.

By invitation of the Viceroy many of the foreign community attended at the Eastern parade ground on the 1st and 3rd instant, to witness a review of some 1,800 foreign-drilled Infantry soldiers and a much smaller number of native-drilled Archery soldiers exercised on horseback and on foot. His Excellency was present, accompanied by the Tartar General and a large Major or Lieutenant General and a large Staff of various grades in the pavilion on elevated ground overlooking the ample plain devoted to the purpose, the Imperial yellow flag being floated over a small redoubt on the left, and a tent or shed specially provided for the foreign visitors on the right. The weather was fine, with a light northerly wind to lift the numerous ensigns and enliven the scene; and although we can not liken it to the Field of Cloth of Gold, "all d'ingravé," the primitive exercises of archery was not the least attractive part of the review. Of the practice with foreign arms, an experienced gentleman expressed the opinion that, with the exception of too lengthy intervals, it was creditable to the soldiers.

It is interesting to read in a late *Peking Gazette* the following Imperial Decree respecting a very worthy Governor of Canton who became compromised in some degree during the negotiations here in the period of Ke Ying's Imperial Commissionership (1844-46). "Huang Ka-tung, formerly Governor of Kwangtung, subsequently dismissed the public service, and still later honored with an Imperial decree retaining him for service as Sub-Commissioner with the rank of the 3rd degree, is now over 80 years of age and will soon celebrate the 60th anniversary of his commission; wherefore he won his Oth-Jen degree." Let each of the 2nd degree be bestowed upon Huang En-tung, and let him be permitted to receive a second time to the rank of Sub-Commissioner.

CHINA.—Yuan has one smart son who will be the honour of his family, right, sometime. She described him as being a hollow thing, with a thin skin, and one of his twenty sons, the others were, and—No. 200. Yuan's son might also be described as being a hollow thing, with a thin skin, and one of his twenty sons, the others were, and—No. 200. DRUNK AND DISORDERLY.

Mathi Malton, seaman on board the American ship *Stonewall Jackson*, was charged with being drunk and disorderly on board the said ship in Victoria Harbour on the 6th inst., and also with assaulting the Chief Officer.

Charles Feller, a seaman of the American ship *Syrus*, was ordered to be sent on board his ship as a deserter, by the police, at the request of the American Consul.

CUTTING AND WOUNDING.

The case in which Cheung Ahin was charged on the 2nd instant, with cutting and wounding a married woman named Chan Asu, at Aberdeen, was again called in Court to day.

A medical certificate from Dr. Murray was put in certifying that the woman was still unable to leave the hospital, and the case was further remanded till Monday next, the 15th instant.

We believe that Messrs. John Swire and Sons, as agents for the new sugar refinery to be erected at Hongkong, have contracted with a Glasgow firm for the supply of the plant that is requisite.

and he was now fined in the sum of £10, in default three months' imprisonment with hard labour.

NEWS BY THE FRENCH MAIL.

The appended items are from the *L. & C. Express*:

A Post Office notification says:—The exchange of money orders with Japan, which was formerly effected on behalf of the British by a London agency at Yokohama, was suspended on the abolition of that agency in 1879, will be resumed on Oct. 1 next under direct arrangement with the Japanese Post-office. The only office in which orders can be drawn will be Yokohama, as formerly, but the arrangements with the Japanese Post-office will admit of payment being made at any place in Japan where there is a money-order office. The rates of commission will be for sums not exceeding £2, 9d.; for sums above £2 and not exceeding £5, 6d.; for sums above £5 and not exceeding £7, 2d.; 3d.; for sums above £7 and not exceeding £10, 3d. No money-order can be drawn for a sum exceeding £10.

A tempting opportunity for investing surplus hundreds is offered just now by a speculator in Michigan. He proposes to form a joint-stock company, to be called "The International Spiral Staircase Treasure-Seeking Association," and the object of the undertaking is to build a spiral staircase down the Mackinaw, to recover the valuable articles that have from time to time been buried into it.

The Egeria, 4, a composite sloop, Commander Charles Chisholm, which recently returned from the China seas, said the Cape, Thursday, 29th, was occupied at the time by Captain Mayd and 17 men.

The building was shattered by dynamite, but a few of the soldiers of the labour movement will be selected for Parliament.

October 4.—Advices to September 28th say that the *Paris Star and Herald* appeared in mourning in consequence of the death of President Garfield.

The *Paris Star* publishes the draft of a Scottish Land Bill, prepared by the Scottish Chamber of Agriculture. Lord Balfour, a well-known authority on the land question, has so much preferred not leaving his yacht on the occasion of the Dantzig meeting, but his uncle, Emperor William, pressed him so much to land that he could not refuse.

Despite the recent article in the *Journal de St. Petersburg*, the word "Unexpected" applied to Prince Bismarck's friendly attitude, was most certainly in the confidential dispatch published the other day.

October 5.—The official machinery of the Land Commission is now completed by the appointment of the following Assistant Commissioners: Prof. Baldwin, a well-known authority on the land question; Col. Bayley, who has extensive acquaintance with farming; Messrs. Garland, Houghton, Keeffe, Shangnessy and Ross, are practical farmers and Rico, who was the Assistant Commissioner, representing the tenant farmers' interest in the Richmond Commission.

October 6.—A farmer named Leah, living near Rathmore, on Lord Lennox's property, was shot dead by a band of armed men, who stopped at his house to warn him not to pay rent. He died this morning.

October 7.—By special invitation of the Land League, a Labor Convention will assemble at Dublin at the end of October for the purpose of forming a National organization of farm laborers to act with and under the direction of the League.

Sixty-three farmers and others sailed from Liverpool on Tuesday for Texas.

Alderman John Whitaker Ellis, a Broad street land agent and surveyor, has been elected Lord Mayor of London. He is a Conservative and a Freemason.

October 8th.—Mr. Birmingham, landlord, while riding near Erris, County Mayo, Ireland, was fired upon. A girl riding on the car with him was wounded. The assailant, who was disguised in female clothing, escaped.

October 9th.—The appointment is gazetted of Staff Commander Albert J. W. Neville to the Indus, for service in the Audacious, when commissioned for the China station.

The Earl of Airlie died on the 25th inst., at an hotel in Denver City, Colorado, from the effects of a chill, attended by congestion.

Only a few days since it was announced that Lord Airlie had purchased 2,000 acres of land in Colorado for his second son. He was largely interested in companies trading with America; was a man of much experience in agricultural matters, and of excellent business capacity. Lord Airlie was also Earl of Alyth and Lintrathen, and sat in the Peers of Scotland, and sat in the House of Lords as a representative Peer. He was also Lord High Commissioner to the Church of Scotland. He was born in 1826, succeeded to his titles in 1849, and married in 1861 a sister of the present Lord Stanley of Alderley. He is succeeded by Lord Ogilvy, a Lieutenant in the 10th Hussars.

October 10th.—An advertisement appears in the *London Daily News* proposing that a duplicate of Bruce Jones' map of the Land League, a Labor Convention will be formed at Dublin, now ready for meeting, be made, and presented to the United States, to be erected in Washington, to commend the highest sympathy expressed from the United States to the national sorrow. It further proposes that the figure shall represent England and Wales. The pedestal is to be of Scotch granite. The cost of the duplicate would be £2,000. The advertisement is signed by a bronze founder.

October 11th.—The *Times* says the speech of Gladstone, in the present condition of affairs, can hardly fail to be taken as an important political manifesto. The country will listen with anxious interest to Gladstone's judgment on the questions now demanding the attention of the Government and will feel that the occasion is less one for party controversy than for a frank exposition of Gladstone's views on the urgent matters of home and foreign affairs. The Cabinet council called for Wednesday next is to consider the affairs in the Transvaal and in Egypt.
